## INTRODUCING \_\_\_\_\_

A member of the Casper Mountain Racers

- Ski Team     Snowboard Team.

### ATHLETES NEED YOUR SUPPORT

To be successful, ski racing and and snowboard competition, like other amateur sports, must be subsidized, in part, by private support. The fees our members pay cover less than 40% of our annual expenses. We are determined to make training and competition available to any young person who wants to participate. Our program fundraising comes from tax-deductible business and individual donations, the ski and snowboard swap, an annual dinner and auction, and competition sponsorships.

### JOIN THE BUSINESSES THAT SUPPORT YOUTH

We would like you to sponsor an individual athlete in reaching his or her competitive goals. Each sponsor will be visited by the athlete, and receive updates on their training, standings, and race results. The money raised will be used to defray the athlete's travel expenses to regional and national competitions. The sponsorship of an athlete for the season is \$125.00.

### COMPETITION AT HOGADON

Ski racing on Casper Mountain has been in existence since 1948. Second and third generation CMR skiers are members of Casper Mountain Racers. Casper Mountain Racers was incorporated in 1976 as a non-profit organization dedicated to the promotion of the sport of alpine skiing and to the development of alpine ski racing skills. In 2003, Casper Mountain Racers added snowboard training to its program.

### REGIONAL SKI TEAM COMPETITION

Athletes on the CMR Ski Team compete in United States Ski Association races to qualify for Northern Division Junior Olympic teams. Nearly every year, CMR athletes qualify to compete in regional Junior Olympics and Western States championships. Several have gone on to compete in collegiate racing.

### REGIONAL SNOWBOARD TEAM COMPETITION

Athletes on the CMR Snowboard Team compete in United States of America Snowboard Association events to qualify for the National Championships. In the first year of the snowboard program, one member qualified for nationals, and that number is expected to grow as the program develops.

### IT'S A LOT MORE THAN WINNING

The CMR program helps build self confidence, stamina, teamwork, discipline and sportsmanship. CMR believes that competition is a healthy, challenging and rewarding experience. It teaches skills that help young athletes grow and develop as individuals.

### TEAM PROGRAM

The CMR Ability and Development Groups are designed for athletes who are refining their techniques through dedicated training and competition. The ski team program is affiliated with the United States Ski Association, which fields the U.S. Ski Team. The snowboard team competes under the auspices of the United States of America Snowboard Association. The season begins in October with dryland training. On-snow training begins in late November or early December, conditions permitting, and continues through March.

### BUDDY WERNER LEAGUE

The Buddy Werner League is designed for athletes ages 7-12 with an emphasis on fundamentals, teamwork and fun. BWL part of the National Youth Ski League program. BWL fills the gap between the Mighty Mite and team programs. The B program starts with a three-day Christ Camp and continues with full day practice on Saturdays January through March.

### CITIZEN SKI RACING

CMR sponsors several citizen's events at Hogadon for all ages and abilities.

#### Casper Challenge

All ages, giant slalom and business dual slalom

#### Small World Cup

Youth 5-12 years, giant slalom

#### Casper City Race

All ages, giant slalom and slalom
